

# The Next Generation in Decorative Lighting Is Here

# NxG<sup>TM</sup>

## SERIES

*Say goodbye to traditional decorative light strings. And say hello to better performance, better quality and a better lighting experience*

### **NxG Breaks the Mold**

No Other Product Features a Multi-Patented, Epoxy-Filled Husk to Keep Water Out & Decorative Strings Lasting Longer

### **NxG Illuminates Your Design Vision**

No Other Product is Designed with a Sleek Husk and an Advanced-Grade LED to Provide Greater Illumination & Design Possibilities

### **NxG Imagines a Better Experience**

No Other Competitors Product Reduces String and GFCI Tripping Failures to Create a Better Experience for You and Your Customers

**Imagine Illuminate Inspire**

**BENCHMARK**  
120V STANDARD PLUG & COUPLING

## What Sets NxG Apart?

### Better Construction

**Multi-Patented Design** – NxG’s multi-patented epoxy-filled husk design is manufactured through a fully automated process

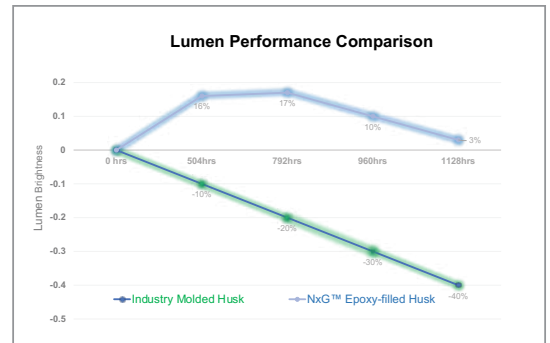

**Epoxy-Filled Husk** – An epoxy-filled husk offers a superior seal to prevent water ingress which can degrade lumen quality and string life over time

### Better Performance

**Certification Standards** -- NxG meets or exceeds all industry and UL certification standards

**Rigorous Testing** – Strings with NxG are 4x better at preventing water ingress than strings with a traditional molded husk

### Better Experience

**Design Possibilities** – NxG’s longer, sleeker husk profile showcases the point of light, and its advanced-grade LED improves lumen longevity and color consistency

**Industry Leading Warranty** – NxG is so superior that S4 Lights offers an industry leading 4-season warranty unmatched by any other manufacturer

## Product Options:

| Bulb Count | Spacing  | Bulb Colors | Wire Colors | Connector                |
